Hello, my name is Chris Malone. I am the webmaster at All Saints Church, Nettleham. I am writing to ask permission to use a copy of your project logo, Narnia experience poster and the resumee about the Narnia Interactive experience (word for word) copied from your website pages on our church website as a further way of advertising the upcoming performances and your work? Kind regards, and blessings, Chris Malone.

Hello Chris

I apologise for the late reply. I only just noticed that this contact form had come through. Yes, please do use anything you need for the website. I can also confirm that as of this evening, the shows at Nettleham have sold out! How incredible!

God bless.
